Law Enforcement competitors will fire the course with a duty weapon of at least 9mm, which is authorized by their department for use while on duty.

Civilian competitors will fire the course with a stock unmodified weapon suitable for duty use.

The only modification allowed is the use of different grips that better fit the competitor's hand. The barrel length will not be longer than 6 inches. Only sights that are fixed or adjustable are allowed. All standard safety features of the firearm must operate properly.
